

Learn to automate SAP S/4HANA (Fiori UI) in our test automation workshop

#RACE2025 Workshop - on Tue 7th May 2019

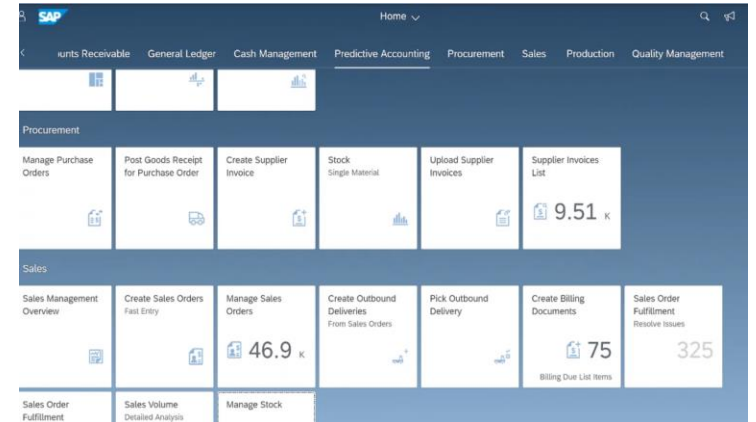

Goals and Content

You will learn modern test automation techniques with easy to use Qentinel Pace™ (robotic software testing).

After the workshop you are able to automate use cases to your company's SAP S/4HANA.

The workshop is driven by Qentinel's best SAP automation specialists.

You will also get trial license to Qentinel Pace.

Prerequisites

You need to bring your own laptop with Chrome browser preferred. Before the workshop you need to install SAP S/4HANA Cloud Trial and Qentinel Pace tool. Qentinel sends detailed information to workshop participants before the event.

Target Audience

You can be SAP business user or technical specialist.

More information if needed, contact Ulla Rantanen, ulla.Rantanen@Qentinel.com, 040 525 9149.
